## PREPARE YMCA CAMP GROUNDS, FIRST SEASON

Further plans for the YMCA day camp to be held this summer were announced today by Walter B. Lane of the county YMCA board of directors.

A 55-foot well has been drilled at "Camp Waybright," the seven-acre site being purchased by the YMCA along Marsh Creek, near Natural Dam. The site extends on both sides of the creek.

Two toilets have been constructed. The committee is planning to place a pavilion at the site, but decided that because of the expense involved a tent may be used for this summer's camping and the pavilion placed next year.

Plans call for two weeks of camping under a professional leader. The camp will be open to youths between the ages of 9 and 12, according to present plans. A bus will transport the youngsters daily from here to the camp site and return. On one day of the encampment the group will visit Hershey to see the zoo and chocolate factory. On another day the entire group will go to Camp Shand, the YMCA camp near Harrisburg. Dates will be announced later.

During one night of the two-week day camp, the group will stay overnight in tents and parents will be invited to serve as volunteer helpers during that period.

A crafts program will be conducted. It is hoped about 40 youths can be secured for the encampment. While final decision has not been reached on the cost it is anticipated it will be about \$6 a week.

Parents interested in having their children attend the encampment are to call Lane at Lane's Studio, York St.

## U.S. To Liberalize Tax Depreciation Write-offs

By STERLING F. GREEN  
HOT SPRINGS, Va. (AP)—The Kennedy administration made a major move today toward better relations with business by announcing that liberalization of tax depreciation write-offs will be ordered soon.

Unofficial estimates set the 1962 tax savings at about \$1.25 billion for big and little businesses.

The announcement was made at a singularly appropriate forum—the Business Council, an organization of major industrialists headed by Chairman Roger M. Blough of U.S. Steel Corp., President Kennedy's chief antagonist in the April steel price tussle. Big Steel rolled back its price increases under pressures from Kennedy.

## START NEXT MONTH

Secretary of the Treasury Douglas Dillon set the word that the revision is now in its final stages. He said the write-offs will be ordered into effect late next month or in July at the latest.

## ARREST BOY, 13, AFTER 2 THEFTS AND HOLDUP AT TICK TOCK INN

Decision of Kenneth L. Oyerly, of Philadelphia, to visit the farm home he is buying on Gettysburg R. 3, led Thursday night to discovery of the theft of a rifle and a car which was recovered before the owner missed it, a search by police through woods, the threatening of a gasoline station owner with a rifle and ultimately the placing of a 13-year-old boy in detention pending action by juvenile court.

The series of events began about 6:30 o'clock when Oyerly drove in the lane to his Gettysburg R. D. home. As his car approached the house, he saw a boy running from the back of the house.

When Oyerly entered the building, he discovered it had been entered and a .30-30 rifle had been stolen along with ammunition for it. He telephoned state police, who arrived, searched the woods nearby, found no trace of the boy and returned to the barracks.

## THREAT WITH RIFLE

At 11:10 o'clock Thursday night the officers here received a call from Earl O. Staub Jr., Orrtanna R. 1, proprietor of the Tick-Tock service station atop Mt. Newman. Staub told them a young man had driven into the station some moments before and asked Staub to "fill 'er up." Staub filled the car with gasoline, then the youth got out of the car, pointing a rifle at Staub. He told Staub to turn around and walk into the station and make no false moves. Staub did as directed and the youth drove off.

State police sped to the scene and began patrolling along the Lincoln Highway. At West's Tavern, two miles west of the Tick-Tock station, a number of cars were parked. Police stopped and checked on their description of the vehicle Staub had given gasoline. They saw their quarry and looking into it saw a boy lying (Continued On Page 3)

# WILL ENGAGE EXTRA POLICE

Gettysburg's part-time policemen will be on duty this evening in Lincoln Square.

Mayor William G. Weaver announced this morning that "after four months in office, under the plan in force when I re-entered the office of mayor, I found that our citizens and visitors were not being properly protected at the Lincoln Square crossings at times of heavy traffic. They have a right to expect protection. Hundreds of our citizens have brought this to my attention.

"Therefore, under the borough code which states that I should 'protect the safety and welfare of the borough' I have re-established the hiring of extra police for traffic duty as the need for their services is determined."

A ruling by the borough solicitor several years ago ended the practice of part-time officers.

At Monday night's meeting of council the question again arose and the solicitor and safety committee were instructed to "bring in a final decision at the meeting of council."

# 400 MOTHERS WILL ATTEND ANNUAL PARTY

LEHIGHTON, Pa. (AP)—It all started 23 years ago as a modest party for 15 mothers, all 70 or older, some of them lonely because their kinfolk were so far away.

The host was Dick Edwards, a merchant of Welsh ancestry and warm sensibilities.

He was inspired by the memory of his own mother and disturbed because Mother's Day was losing its hold on him since her death five years before.

Over the years the Edwards party, always given on the day before Mother's Day, became an institution, growing in scope and interest. More senior mothers than can possibly be accommodated now clamor for reservations, which of necessity are limited to 400. From one Mother's Day to the next there is a waiting list and the festivities nowadays fall into international focus.

What ever the cost, Edwards picked up the tab, as he will do again Saturday.

The framework is the same. Only two qualifications are imposed—the mother guest must be at least 70 and she must have arranged for a reservation. The entertainment is longer and more elaborate. Gifts and prizes are distributed. The reminiscing scarcely knows any bounds.

What's more, Edwards has in the last several years introduced his big surprise—reuniting one or more of the mothers with relatives from distant lands, relatives they haven't seen in many years.

## 87 Student Hunger Strikers, 900 Sympathizers Are Jailed

LISBON, Portugal (AP) — Police swept into the University of Lisbon at dawn today and arrested 87 student hunger strikers and more than 900 sympathizers in a crackdown on university demonstrators.

At a professor's urging, the demonstrators put up no resistance. But the hunger strikers, spearheading a boycott of classes by nearly 5,000 other students, vowed to continue their fast until Premier Antonio de Oliveira Salazar's dictatorship gives in to their demands.

The demonstrators, including other students, parents and friends of the fasters, were carried off in buses to police headquarters for interrogation. Those detained were offered breakfast. The hunger strikers—who include eight girls—refused.

### WILL NOT EAT

"We will carry on the hunger strike, wherever they carry us to," a spokesman told newsmen. "No one can make us eat against our will."

The hunger strikers had shut themselves in the university canteen since Wednesday to press their demands for less government interference in university affairs and for return of privileges taken away for earlier demonstrations. Four doctors stayed with them.

Police armed with machine guns and tear gas mortars Thursday surrounded student association headquarters in Lisbon and Coimbra, 110 miles to the northeast, where a similar strike was in progress.

### SERENADE STUDENTS

During the night a crowd of sympathizers grew on the Lisbon campus outside the canteen where the fasters were holed up. It was a warm night and many sprawled on the lawns and serenaded.

Acting University Rector Goncalves Rodriguez and the univer-

sity senate cleared the way for police action. Declaring they had not the means to maintain order, they turned the campus over to the government.

The student demonstrations began last March after Education Minister Lopes de Almeida banned World Student Day celebrations. He claimed they were Communist inspired.

Th student defiance seems to have been heightened by the recent growth of open opposition to Salazar's regime. This has been greatly aggravated by India's seizure of Goa and two smaller Portuguese enclaves on the Indian subcontinent and the rebellion in Portugal's West African territory of Angola.

## Royal Laotian Troops Chased Into Thailand

By ANTOINE YARED

VIENTIANE, Laos (AP)—Royal Laotian troops were reported fleeing across the Mekong River into friendly Thailand today as pro-Communist forces seized Houei Sai more than 100 mile beyond the cease-fire line.

The Red rebels drove forward to capture the government outpost on the Mekong border and complete their occupation of the whole of northwest Laos in defiance of a demand from their neutralist ally Prince Souvanna Phouma, to halt their offensive.

The shattering of the year-old truce raised growing concern in the U.S. government, which has been pressuring Prince Boun Oum's anti-Communist Vientiane regime to come to terms with the neutralists and Red-line Prince Souphanouvong and form a national unity government.

### STILL HOLD HOPES

Officials of the Kennedy administration still held hopes the pro-Communist Pathet Lao forces would be checked. But informants in Washington said some U. S. forces conceivably could become involved in Laos if the Reds try to overrun the whole of the jungle kingdom.

The Vientiane defense ministry announced the pro-Communist forces moved into Houei Sai today after overrunning government troops fighting a rearguard action Wednesday.

American military sources said government troops were crossing the river into Thailand Thursday night but added, "We don't know exactly what happened then."

### FIVE-HOUR BATTLE

Royal army units had fought a five-hour battle with the onrushing Pathet Lao troops at Tha Fai, 20 miles north of Houei Sai, but failed to check them, the defense ministry reported.

Report reaching Vientiane indicated Houei Sai, last government outpost in the northwest, was given up without a fight. The Pathet Lao, backed and armed by the Soviet Union, North Viet Nam and Red China, surged

His words dispelled suspicions voiced in some quarters that there would be only a token liberalization, or that the prospect of faster depreciation was being used merely as bait to induce businessmen to support the other key elements of the administration's tax program—the bill providing a tax credit for investment made in modernization.

### HAD STOLEN CAR

The officers then found that the 13-year-old Fairfield R. D. youth after leaving the Oyerly home walked to Orrtanna. There he stole a car owned by Kenneth J. Deardorff, of Orrtanna. He then drove around through the area for a time and, then nearly out of gas, stopped at the Tick Tock and secured a new supply at gun point. Expecting police would come in search of him, he decided he could escape detection by parking at the tavern parking lot for a time until police gave up the search.

According to the officers, the youth has been awaiting juvenile court action on two other stolen car cases.

The officers also reported they surprised Deardorff when they phoned him to come and get his car. He had not known it was stolen.

The two alternates are: Mrs. Myrna Johnson, Abbottstown, widow, and Mrs. Catherine Wilson, Fairfield, housewife.

**Heads Negro Legion Post:** John Myers was elected commander of the new American Legion post here at a meeting held Wednesday evening. Joseph Wansel was elected first vice commander; Robert Johnson, second vice commander; George Timbers, adjutant; Eugene Timbers, finance officer; Oliver Carter, chaplain; Joseph Carter, first sergeant-at-arms; William Tonsel Jr., second sergeant-at-arms, and Clark Myers, Marshall Fredling and James Mauston, trustees for three years. The post decided to change its name to the Dorsey-Stanton post No. 986 in honor of the two local men who died while in the armed forces.

**To Open Dance Hall:** On Wednesday evening Bernard Kimpie will open his new dance hall at Kimpie's Tavern, a mile east of Caledonia, along the Lincoln Highway. A new dance floor has been built and the establishment has been redecorated. "Trombone Bill" and his orchestra are to play for the opening dance.

**Stricken At Wheel Of Auto:** Walter T. Africa, Baltimore St., vice president and general sales manager of the Stouck-Reaser Co. was stricken with a heart attack at the wheel of his automobile Sunday afternoon near Oxford, ran off the road and died. **Codori Field Dedicated To Clean Sports:** Burgess C. A. Heiges dedicated Codori Field "to clean sport" Saturday afternoon and the new playground established in the north end of town by the Junior Police got underway with a baseball game in which the Gettysburg News Agency downed the Junior Policemen 11 to 5. At the conclusion of the Burgess' talk he threw out the first ball to Junior Police pitcher James Roberts. Dixie Moser and Pat Shearer simultaneously cut the crepe banner that had been placed alone one side of the field.

**Statue Unveiled:** With a cold win whipping across Seminary Ridge, forcing part of the dedicatory services to be held indoors in the Church of the Abiding Presence, a large bronze statue of Martin Luther, the gift of the late Charles Cronhardt of Baltimore, was unveiled at 4 o'clock Thursday afternoon on the campus of the Lutheran Theological Seminary here. Five hundred Lutherans, clergy and laymen, stood with bare heads as two cousins of the donor pulled the cords which released the covering of the bronze figure and it fell to the base of the statue to expose "Luther, the Teacher" seated with a Bible on his lap, and right hand raised as if expounding some truth found in the scriptures. Dr. Abdel Ross Wentz, president of the Seminary, officiated at the act of dedication.

A capacity audience attended the presentation of the opera "Snow White and the Seven Dwarfs" given by the students of the grade schools of Big-

## Today's Talk

**ON BEING HARD BOILED**  
I believe we all have quite the average number of faults and minor vices attached to the ordinary human being, but let us work to the end of our days trying to combat hard-boiledness and prevent it from mastering us!

How much better to take up our residence in jail than to be known as "hard-boiled." Not that we are not exactly this at times, but that we may become as free from this disease as is humanly possible.

To be "hard-boiled" may save you money in certain instances, but it is sure to lose you friends. And a friend is beyond all price. The long game is the only game worth playing in life.

Hard-boiledness is a short cut to wealth, but the endless route in this world to personal happiness! When it comes to success and happiness, take the longest route. It is not only the safest, but the only one that gets you to the destination most desired.

One of the most beautiful stories I ever read was "The Mansion" by Dr. Henry Van Dyke, who died in 1933. It was the story of a very powerful man in business who became so "hard-boiled" toward those who counted most, and especially toward his son, that it took a powerfully real dream to wake him up.

He came to see the poorest of earth as the greatest, and the richest as the poorest.

When the leaves of this mortal tree take upon color and begin to tell gently to the lap of immortal influence, then a man is made to feel the futility of all effort, all gain, all acclaim, excepting as they sweeten, glorify and refresh the faint, frail heart groping for hope and courage.

Tomorrow Mr. Adams will talk on the subject: "Acting Foolish" Protected, 1962, by The George Matthew Adams Service

The lilac tree the mother knew  
And watched and watered as it grew.

Older by years and taller grown,

Like an old servant of the past  
Serving the family to the last.  
Age comes of trees as well as men  
And here is one of right good will

Gettysburg, Littlestown and Emmitsburg are mentioned in the article, which follows in part: GETTYSBURG—A trip through the famous battlefield where Lincoln made his immortal address... Beautiful farmlands surround the battlefield wherein grass plots in the center are staked off with heavy iron chains enclosing a marble statue of some noted general (usually on horseback)... Here and there a figure of some hero who was killed defending a ridge... The whole countryside is sprinkled with such monuments. On through the rolling green hills of Pennsylvania... Spring is "Bustin' out all over"... Prim, little Dutch villages with wonderful places to eat... We stop at one in Littlestown called Schottie's where two dollars buys a steak the size of your dinner plate and a table full of trimmings thrown in... Like other Pennsylvania taverns, they do their own butchering and curing... We pass through Emmitsburg where the local girls' college is named "St. Joseph's" and the boys' college is called "St. Mary's."

**Will Be Filled:** The will of Katie Barbehenn, late of Gettysburg, has been entered at the office of the county register and recorder for probate. A brother, J. Edward Barbehenn, is named as executor.

## JOHNSON ENDS LEGAL BATTLE

By GEORGE ESPER

PHILADELPHIA (AP)—Harold Johnson, the National Boxing Association light heavyweight champion, has won the first round of a legal bout with his manager over purses and now has his sights set on Doug Jones in his 15-round nationally televised title bout at the arena Saturday night.

"I feel better now," said Johnson, 33, who had threatened to pull out of the fight if his purse were held in escrow by legal action or if his manager, Pat Oliveri, was allowed to take the manager's share immediately after the fight.

But late Thursday it was decided after conferences among attorneys, a judge and Alfred M. Klein, a member of the Pennsylvania Athletic Commission, that Johnson's 50 per cent share of the purse would not be held up.

But Oliveri's 50 per cent cut will be impounded pending the outcome of the champion's suit to break his contract with the manager and collect \$4,600 which he claims Oliveri owes him from the Eddie Cotton fight last August. A hearing is set for June 4.

Johnson has claimed it was stipulated when he signed the contract for the Jones' fight he was to get his share immediately while Oliveri's would be held up pending disposition of the case.

Johnson and Jones, 25, the No. 1 contender from New York, who has lost only once in 20 fights, finished up the heavy work in their training grind. Both planned loosening up workouts today before Saturday's noon weigh-in.

## Warriors Rout Hanover 8-1 As Duane Pitches Three-Hitter, Fans 12

Gettysburg High School solidified its second place position in the South Penn Baseball League by turning back Hanover 8-1 here Thursday afternoon as Tommy Duane pitched a neat three-hitter and fanned an even dozen batters.

Two big innings turned the trick for the Warriors. They tallied five times in the third inning. Conway Bushey was safe on an error and stole second base. Dick Crist singled Bushey to third and then promptly pilfered second. Paul Plank singled home both runners. Gary Nelson followed with another single. Johnny Longanecker was safe on a fielder's choice as Plank was nipped at third base.

Jim Davies singled to scored Nelson. Gary White walked and Duane singled as another run came across.

In the sixth Gettysburg added a trio of runs on a triple by Plank, walk to Nelson and doubles by Longanecker and Davies.

**STEALS HOME**  
Hanover, losing its seventh game in eight starts, averted a shutout in the fourth when Barry Soullard singled, stole second base, advanced to third base as Alan Sandruck grounded to second, and then streaked home on a steal.

Plank turned in a fine performance as catcher for the Warriors who have two regulars, John Holoka and Tommy Collins, shelved for the remainder of the season due to injuries.

The Warriors, 5-3 overall, meet Delone Catholic at McSherrystown Monday afternoon.

**31 PLAYERS BOUGHT AT LL AUCTION**  
The six Gettysburg Little League managers and their coaches purchased a total of 31 ball players Thursday evening at the annual auction with player agent Bob Weikert presiding.

Terry Hoffman, who joined the Gettysburg National Bank team in the middle of the 1961 season, was the lone option player bought. During the course of the auction five brothers of Little Leaguers and one manager's son were purchased.

The following players were purchased and will join their respective teams for the 1962 season: Elks—Ted Maitland, David Teeter, Gary Hubbard, Gary Waybrant, and Peter Hull; Glenn L. ## AUTO RACING TO START AT OVAL MAY 19

The 10th season of jalopy stock car racing will get under way Saturday, May 19, at 8 p.m. at Lincoln Speedway, the half-mile dirt oval located just south of Rt. 30, the Lincoln Highway, midway between Rts. 116 and 94.

The Pigeon Hills track will present a combination of each Saturday of the '62 campaign. The regular weekly fare again will consist of two 20-lap heats and a 25-lap feature for both the sportsman-modifieds and limited sportsmen.

Johnny Mackison (1080) is the defending S-M champion. The Delta Dart rang up 17 feature victories last year. At one stretch he took seven in a row.

Paul Keller copped Lincoln's 1961 Novice Division crown. The novice boys are now listed as limited sportsman because of an easing of the rules which permits more powerful engines.

**OTHER DRIVERS**  
Other top drivers due to battle for the S-M honors are Pee Wee Pobletts, Neil Haight, Bobby Hersh, Moe Harden, Bobby Abel, Ray Kable, Pete Kantorsky, Gene Goodling, Dizzy Dean and Jim Findley.

The limited sportsmen can count on Keller, Don Eisenhower, Charley Wiernan, Rich Christine and Johnny Laughman to create considerable excitement. But the stockers have lost one of their aces—Willie Musselman, of Hanover—to the speedier modified competition. Willie's new mount is No. 76.

NASCAR-sanctioned late-model races of 100 laps are listed for Lincoln June 30, July 28 and September 8. URC sprint cars will be on hand at the Hills track on June 16 and August 4. The Langhorne Qualifier for modifieds goes September 8, a night on which the late models and S-M boys will share the spotlight.

## PALMER LEADS COLONIAL FIELD

**FORT WORTH, Tex. (AP)**—Arnold Palmer, his booming driver under control and sporting a one-stroke lead, headed a classy Colonial field today into the second round of the golf tournament. The Pennsylvania pro served notice Thursday that he fully intends to add to his bulging trophy case the title that has painfully evaded him in seven previous appearances here.

Palmer, already a five-time current champion and the tour's leading money winner with \$52,308 shot a sizzling 67 to take command of the \$40,000 event which carries a \$7,000 first place check. The three-under-par round left him a stroke ahead of South African Gary Player, Doug Ford and Bo Winger and two shots out front of five others.

## 23 SCHOOLS ENTER MAC GOLF TOURNEY

The 1962 Middle Atlantic States Collegiate Athletic Conference Golf Championships will be held Monday, at Fox Hill Country Club in West Pittston.

This is the 13th annual MASCAC golf tournament. The University of Scranton is the host college. The conference golf committee is headed by Weldon Farrar of Wilkes College. He is being assisted by Malcolm Strow of Temple University and John Barr of Susquehanna University. Completing arrangements with Coach Farrar is Scranton's Director of Athletics, Peter A. Carlesimo. The University of Scranton will entertain the coaches at a dinner on Sunday, May 13, at 7:30 p.m., at Fox Hill.

Thirty-six holes of medal play will determine individual and team championships. Twenty-three schools have registered for the 1962 tournament. This represents a record number of schools participating. Bucknell University is the defending champion. It will defend its title against the following: Albright, Delaware, Dickinson, Drexel Tech, Gettysburg, Hofstra, Juniata, Lafayette, LaSalle, Lehigh, Lycoming, Moravian, Muhlenberg, Rutgers, Saint Joseph's, Scranton, Susquehanna, Upsala, Western Maryland and Wilkes.

## Pitches Himself Off Trade Block

**LOS ANGELES (AP)**—When a product is taken off the market, often something is wrong with it. This is hardly the reason the Los Angeles Angels have suddenly become reluctant to trade Ryne Duren.

Duren, it appears, has pitched himself off the market. In his last five appearances, the former New York Yankee reliever has saved four games for the Angels and hasn't allowed a run. In the same span—10½ innings—he has struck out 14 and walked only three.

Although he has won only one game and lost two, Duren has reduced his earned run average to 1.63 and has just about suppressed rumors that he might be traded for a right-handed-hitting outfielder.

He pitched three more scoreless innings Thursday as the Angels recovered after blowing a three-run lead and defeated the Detroit Tigers 6-4. Jake Wood, the only man to reach base against Duren, was wiped out in a double play after singling in the ninth.

## South Penn Will Hold Last Track Meet Here Saturday At College

One of the smallest fields in history will compete in the 28th and last South Penn Conference track and field meet on the Gettysburg College field on Saturday afternoon.

Only four schools, defending champion Chambersburg, Carlisle, Biglerville and Gettysburg will compete. They will be represented by a total of 112 athletes.

Total entries submitted by each school follow: Biglerville, 19; Carlisle, 37; Chambersburg, 28, and Gettysburg, 28.

Undeclared Carlisle is rated the premeet favorite on the basis of its six dual and triangular triumphs this season. Chambersburg is the second place selection while Gettysburg and Biglerville will probably battle it out for third place.

Time for the various events will be as follows:  
12:30—pole vault; 1—shot-put, 120-high hurdles trials; 1:10—100-yard dash trials; 1:20—mile run; 1:30—discus; 1:45—120-high hurdles final, high jump.  
2—100-yard dash final; 2:15—800-yard relay; 2:30—440-yard dash; 2:45—180-low hurdles trials, broad jump, javelin.  
3—220-yard dash trials; 3:15—800-yard run; 3:30—180-low hurdles final; 3:45—220-yard dash final; 4—mile relay.

**OWENS DEFENDS**  
Bill Owens, Carlisle, is the lone conference record holder who will

perform on Saturday. Owens set the 440-yard run mark of 50.7 seconds last year and tied the 220 mark of 22.3 set by Dave Dowd, Carlisle in 1956.

Another outstanding performer will be Biglerville's Dick Dull who tossed the javelin 198-6 against Waynesboro this season. The conference mark of 190-14 was set by Tex Eiserman, Hanover last year.

George Forney's Warriors hold a big edge in the previous conference titles with 16 but have not won since 1954.

Carlisle has captured six championships; Chambersburg, four, and Hanover, one.

**DRYSDALE AND O'DELL HEADED IN SAME PLACE**

By MIKE RATHET  
Associated Press Sports Writer  
Billy O'Dell and Don Drysdale, a pair of talented tossers who serve 'em up from different sides, are headed in the same direction.

Each won his fifth game Thursday night with standout pitching performances, maintaining quick starts that could get them into the 20-victory circle for the first time.

O'Dell, 29, a southpaw, boosted San Francisco's National League lead over second-place St. Louis to four games by allowing the Cardinals only four singles while his Giant teammates were pounding out 11 hits for a 6-0 victory.

Drysdale, 25, a right-hander, moved third-place Los Angeles within 19 percentage points of the runner-up Redbirds with a three-hitter, setting down 17 consecutive batters during one stretch of the Dodgers' 6-2 triumph over Houston's Colts.

**LOW TURNOUT**  
Only one other game was played in the NL, Milwaukee edging Pittsburgh 4-3 on Frank Bolling's ninth inning homer before 2,746 fans—lowest turnout at home in Braves' history. The New York Mets-Chicago Cubs game again was postponed due to cold. Philadelphia and Cincinnati had an off day.

O'Dell remained unbeaten and hurled his third complete game in a row by baffling the Cards until play was halted by rain with two out in the last of the ninth. It was the first time the Cards had been blanked this season.

The Giants struck for two runs in the fourth inning against Bob Gibson (3-2) on a single by Willie McCovey, Orlando Cepeda's double and a double by Felipe Alou that chased both home.

Drysdale, who has lost once, allowed both lefty runs on homers. Roman Mejias hit his eighth, an inside-the-park job in the first inning, and Carl Warwick got the other with two out in the ninth.

Held to six hits by Bob Bruce (1-1) and Don McMahon, the Dodgers took a lead they never relinquished when rookie Larry Burright tagged his first major league homer after walks to Ron Fairly and John Roseboro in the fourth.

The Braves sent the Pirates reeling to their seventh loss in eight games. Bolling applied the crusher, snapping a 3-3 tie in the ninth with a homer off Elroy Face (1-1). The Braves had pulled even in the eighth when Mack Jones homered after a walk to Howie Bedell and Tommie Aaron's single. Rookie Hank Fischer (1-1), working in relief of Bob Hendley, picked up the victory.

Bear sacrifices are performed by modern peoples, including the Yakuts of Siberia.

## Bermudian Wins Adams Baseball League Title By Lacing New Oxford

scheduled to meet Fairfield at New Oxford in the Colonials' final game of the season. Pete Kemper's Bermudian team has two games remaining, playing at Littleton on Monday and at Delone next Thursday.

Bermudian Springs captured the 1962 championship of the Adams County Scholastic Baseball League by crushing winless New Oxford 16-1 Thursday afternoon at New Oxford. The Eagles replace Fairfield as titlists.

The Eagles, winning their 10th straight game for an overall 10-2-1 record, clubbed 11 hits off three New Oxford hurlers, including a triple by Tom Hardy and doubles by Ken Groupe and Charley Gembe. Eight errors by the Colonials contributed heavily to the Eagles' scoring.

## Harney Nine Will Play Here Sunday

Gettysburg and Harney, both 0-2, will be out to record their initial victory in the South Penn Baseball League when they clash here Sunday afternoon at 2 o'clock on the recreation park field.

The remainder of Sunday's schedule follows:  
New Oxford at Brunshtown. Arendtsville at Taneytown. Mummasburg at Cashtown. Littlestown at Fairfield. Littleton at Bonneauville.

## "Our Moment Of Joy With The Master"

By Rev. L. J. Karschner, Pastor  
St. John's Lutheran Church  
Abbottstown

### OUR MOMENT WITH THE MASTER

"Teacher, what good deed must I do, to have eternal life?" Mt. 19:16.

This question is really amazing, when we consider who asked it. Matthew refers to him as just "one." Other passages of Scripture shed more light on his personality. He was young! At that age, who would be much concerned about eternal life? He was rich! Do we not often feel that, if we had enough money, we

could buy anything? He was religious! Who of us could say we have kept the commandments from our youth? He was a ruler! Does not power over another bring its satisfactions? He came running! Who except the very excited would run when every-one called it "undignified?" He knelt before Jesus! Does not this reveal a deep inner quality of this man?

One might ask, since he had so much, why wasn't he satisfied? What more could he seek? Yes, he did have health, wealth, power, position, prestige, and religion;

but all these still left a great void in his life, as they often do!

He also used good judgment in his choice of a physician. He came to the only One who could discern the emptiness in his seemingly full life, the only One who could satisfy the deep hunger in his heart. He came to the One Who said, "I am come that they might have life and have it more abundantly." Jn. 10:10

But before this Great Physician could begin to heal, some drastic surgery was necessary. He told this young man to go and sell all his possessions and become a disciple. Such surgery was seldom prescribed by the Master. Why here? Because this young man had permitted his possessions to possess him. He was no longer master over them, they were master over him. Instead of keeping them subservient to him, he was slave to them. It would be merciful surgery if their strangle hold could be broken.

**RICHERS OF LIFE**  
If this young man had only submitted to the Master's treatment,

he might have learned of the true riches of life. Instead of ruling over others, he might have known the joy of being ruled by Christ. It was his great "moment with the Master." It was acquiescence with possibilities!

Yet we see him trudging away with heavy heart and leaden feet. "He went away sorrowful, for he had great possessions." He knew of his great need, the call of the Physician before whom he stood, yet he refused the prescribed cure. How like unto us!

We, too, sense our needs; we know where help lies; we hear the Master's voice; but we refuse His cure. And when we do, we, too, trudge away sorrowful. What a pity!

**PRAYER:** O Thou who dost know the deep longings of our hearts, we thank Thee that Thou dost stand ready to "satisfy the desires of every living thing." Help us to know that this is our "moment with the Master." Touch our weakness, our frailty with Thy strength. Lift out of our lives all that keeps us from full discipleship, true joy, and life eternal. Through Jesus Christ, Thy dear Son, our Lord, Amen.

# Secure in LOVE

Kathy is secure in her mother's love. Trust and peace gleam in her eyes. Happiness and hope shine in her face.

But Kathy has her heartaches. She falls and skins her knee. Or she loses her favorite dolly. And then her eyes are flooded with tears.

Mommy is always there to help. The knee is bandaged and kissed. The dolly is found. As Mommy's arm slips around Kathy, the tears are dried.

Kathy is secure in her mother's love.

When Kathy grows older her mother will not be able to love away the adult heartaches. But Kathy can turn to God. Her mother's love is but an echo of the Heavenly Father's love for His children.

In faith and prayer, Kathy can find His all-sufficient help and feel beneath her His Everlasting Arms.

The Church guides you to God. You can discover your destiny as His child. You can be secure in divine love.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GEORGE ROBERTSON

The S.S. Piccolo sailed onto the boards at the Allenberry Playhouse this week in the captain's paradise with George Robertson at the helm as Captain Henry St. James.

The story revolves around a delightful ferry boat captain who steams from Gibraltar to Linea, North Africa, twice a week and assumes a different personality at each terminus. On the British side (Gibraltar), Captain St. James is a respectable English gentleman with a proper English wife. On the French side (Linea) the captain's other wife is a fun-loving dance hall girl with rearkable abandon. How these very different women combine their talents to add up to paradise is one of the zaniest stories ever brought to the living stage from the cinema screen.

In the original screen version, Sir Alec Guinness starred as the beguiling bigamous captain with Celcia Johnson and Yvonne De Carlo as the joys of Eden. Allenberry's production stars George Robertson, Elizabeth Lawrence and Yolanda Bartoli.

## Women Slayings Range In Algiers

ALGIERS (AP)—Even more Secret Army Organization slaying of Moslem women and girls was feared today following the throat slitting of a European mother and daughter.

European terrorists slaughtered 18 Moslem women and a young girl in Algeria Thursday after Moslems were blamed for the slaying of a pregnant European woman in Oran on Wednesday. But Algerian Nationalist leaders still kept the Moslem masses under control, and as yet there was not outbreak from that side.

Terrorist attacks took 55 lives—all but nine of them Moslem—in the North African territory Thursday. Another 28 persons, 23 of them Moslems, were wounded. Terrorist attacks were concentrated in the Oran and Algiers area, strongholds of the outlawed Secret Army's clandestine war to block Algerian independence and keep Algeria French.

French security forces continued their so-far futile efforts to check the terrorism.

## Didn't Expect To See God In Space

SEATTLE, Wash. (AP)—The Soviet saw no God in space. The American didn't expect to see one. "The God I pray to," said astronaut John H. Glenn Jr. Thursday, "is not small enough that I expect to see Him in outer space."

When Soviet cosmonaut Gherman Titov was here Sunday he was asked about his religious feelings during his 17-orbits of the earth.

"I looked around," he said. "I saw no God nor angels."

## Negro Returning To Home State

CHICAGO (AP)—A Negro sent to Chicago by Louisiana segregationists is returning home, convinced that it was a mistake to accept the offer by the White Citizens Council of Greater New Orleans of free transportation to the North.

Rezzie Moffett, 45, one of three Negroes sent by the New Orleans segregationists, boarded a bus Thursday for a return to New Orleans.

Moffett arrived May 1 and has been unable to find a job in Chicago. Ralph Collins, executive director of Travelers Aid Society, told newsmen.

Moffett carried a worn canvas bag and \$3 in pocket money when he left His \$22.51 ticket and the pocket money were contributed by the Cook County Public Aid Department.

## Wreck Mars Reds "Railway" Day

MOSCOW (AP)—The Soviet Union's observance of national railway day Thursday was marred by a train wreck that officials tried to hush up.

Thousands of Muscovites viewed the crash of two packed commuter trains but hours later central police headquarters told newsmen: "We have no information."

Before the official blackout was imposed, police at the scene said several persons were killed when one train crashed into another one that was stopped. The area was cordoned off and inquirers were kept half a mile away.

## AWARDED DAMAGES

BIRMINGHAM, Ala. (AP)—A judgment of \$12,000 was awarded to the father of 5-year-old James D. Gray Jr. who suffocated in an abandoned ice box last month.

The settlement was agreed upon by Gray and the Veterans Landscaping Co., a Birmingham firm sued by Gray for \$100,000 damages because the refrigerator was on its property.

## Conservatives Lose In British Voting

LONDON (AP)—Prime Minister Macmillan's government was shaken today as Liberals and Laborites walloped the Conservatives in local elections that often reflect the national political trend.

The Conservatives conceded a setback as the opposition seized control of municipal councils in 36 towns. The Tories lost a net of 516 seats in 428 boroughs in England and Wales.

The campaign was fought almost entirely on domestic issues—particularly the Macmillan government's new restraints on wages and dividends and the uncertainties over Britain's prospective entry into the Common Market.

## STILL NO HOME FOR TITLE BOUT

NEW YORK (AP)—After a brief flurry in which it appeared that Chicago had secured the Floyd Patterson-Sonny Liston heavy-weight title bout, the fight is right back where it started:

Just a-lookin' for a home.

Sports Editor Leo Fisher of Chicago's American wrote Thursday that Soldier Field in Chicago is virtually certain to be chosen as the site for the fight that was barred in New York.

The announcement quickly brought denials from the promoters and Patterson's advisors and attorneys.

"We haven't heard a word about a guarantee from Chicago," said Gus D'Amato, Patterson's manager. "As of now, Chicago is out."

On December 27, 1976, George Washington was made dictator of the United States — the only one we have ever had.

## EYE PREAKNESS PREP SATURDAY

By THE ASSOCIATED PRESS

The 1962 Kentucky Derby has gone into history, but the 3-year-old horses occupy the spotlight again this week as a gang of Preakness candidates prepare for heavy action at New York and Baltimore.

Heading the Saturday racing program is the \$50,000-added Withers Mile at Aqueduct, where George D. Widener's Jaipur meets 10 or 11 rivals in the 87th running of that famous stakes.

At Pimlico, where the 86th running of the Preakness will be held a week from Saturday, Brandywine Stable's Greek Money and Christiana Stable's Smart strut their stuff in the \$5,000 Preakness Prep.

## WATCH JAIPUR

Jaipur is the colt everyone will be watching, for a decisive Withers victory could make him the favorite for the \$150,000-added Preakness in spite of the presence of Decidedly, the Derby winner.

His chief Withers opponent is expected to be Charles W. Engelhard's Nassau Hall, a son of Nashua who won the Delaware Valley Stakes last month at Garden State Park. Nassau Hall was not in the Derby, will skip the Preakness, but may tackle the Belmont June 9.

The Preakness Prep is 1-16 miles, and three of its last five winners have gone on to capture the Preakness—Bold Ruler, Bally Ache and Royal Orbit.

## EMMITSBURG IS PROMISED STREET WORK

Emmitsburg was assured of blacktopping of two of its main arteries in a letter delivered personally Tuesday to the town's new mayor, J. Allen Bouey, by State Roads Commission representative William B. Owens.

The blacktopping is scheduled in this season's program. It involves the resurfacing of U. S. 15 which is the main north-south artery and Md. 97 which the east-west artery.

Mr. Owens spent the day in Emmitsburg reviewing with Bouey the entire traffic situation, it was reported. Following a tour of the town, Bouey said he felt confident that the complete matter would be taken under study by engineers and other specialists of the SRC with the result being equitable as far as Emmitsburg was concerned.

Bouey, who is a life-long resident of Emmitsburg, served as a member of the commissioners' board since 1957 until his election as mayor.

Another issue of long-standing has been the installation of a traffic device at the intersection of

## McNAMARA SEES TROOPS TRAIN

NHA TRANG, South Viet Nam (AP)—With a map and note paper in hand, U.S. Defense Secretary Robert S. McNamara Thursday watched the Vietnamese combat forces training to counter the Communist Viet Cong. After a hot, busy morning, he flew off for a dinner meeting with President Ngo Dinh Diem.

The American defense chief talked with U.S. military advisers working in this coastal area 200 miles northeast of Saigon, and said he was "very impressed by an extremely able group of men."

"They have great knowledge of what is going on," McNamara said.

The secretary, who came to South Viet Nam on Wednesday for a two-day visit, termed a shortage of communications one of the most serious problems in the campaign against Communist guerrillas.

U.S. aid and planning in South Viet Nam included establishment of radio links between the strategic villages but it has not yet been completed.

## Mrs. Kennedy Has Small Cold

WASHINGTON (AP)—First Lady Jacqueline Kennedy has a cold, but it isn't expected to interfere with her plans today to entertain the French cultural minister, Andre Malraux.

The White House says she'll make an early morning tour of the National Gallery of Art with Malraux. And, she and the President will entertain the visiting Frenchman at a black tie dinner tonight.

The First Lady went to bed with a cold Thursday and cancelled two receptions she was to attend. The President himself explained her absence to a group of 1,200 foreign students at a reception on the White House south lawn.

He said Mrs. Kennedy caught her cold as a result of christening the Polaris submarine Lafayette last Tuesday at Groton, Conn.

Mrs. Kennedy's press secretary, Pamela Turnure, had said earlier the First Lady was cancelling her engagements for the day to rest because she was fatigued by her activities earlier in the week. These included a trip to New York City, the launching and a hasty helicopter flight to Newport, R.I., to look over a late summer vacation spot for the Kennedy family.

## A Lovelier You

By MARY SUE MILLER

WISH POWER VS. WILL POWER. Most women think of overweight solely as a beauty problem. But it really must be

considered from another viewpoint. In medical circles serious overweight is regarded as a menace to health, for it leads to the eventual impairment of many organs of the body.

A reducing diet, therefore, has more than cosmetic value. It is a kind of health-insurance policy, too. And keeping that fact in mind, what weighty women would be so foolish as to let a diet lapse.

Yet every day you hear a plump type say, "I simply cannot stick with a diet." Why, do you suppose? Is it hunger that overcomes

her or is it a lack of will power?

Methinks she has more "wish power" than will power. Her wish to pamper her appetite with forbidden tidbits is greater than her will to discipline her weight. The question of hunger — the real thing—has been eliminated by approved diet regimens, until privations go almost unnoticed.

The last vestige of discomfort disappears on using these diet aids: Keep active—get plenty of exercise and fresh air, for that helps to burn up reserve fat. After eating, move about for at least 15 minutes. Eat very slowly; that way, less food seems like a lot.

Quiet nervous hunger with a hot bath or a long drink of cool water. Don't talk about your diet; the results will speak for themselves. Do remember that a morsel is on the tongue for only a second, but can remain forever on the hips.

POCKET CALORIE COUNTER  
Do you really know the calorie counts of the foods you eat? Our new booklet, POCKET CALORIE COUNTER, tells the score at a glance. It also gives a diet plan—a way to eat and slim. For your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a long, self-addressed, stamped envelope and 10c in coin.

## Boy, 8, Is Killed By Broken Bottle

NEWARK, N.J. (AP)—An 8-year-old boy was struck in the neck and killed by a piece of glass thrown by a 5-year-old Wednesday night.

The boy was identified by police as Roland Robertson. An artery in his neck apparently was cut by the jagged edge of a broken soda bottle.

Police said the incident occurred when five boys—age 5 to 8—quarreled in the yard of a housing project.

They said the 5-year-old boy would not be prosecuted because of his age.

## Fire Geodetic Satellite But Fails To Reach Orbit

CAPE CANAVERAL, Fla. (AP)—An attempt to launch a flashing light geodetic satellite into orbit failed Thursday when the second stage of the launching vehicle did not ignite.

If successful, the satellite would have helped make more accurate maps of the world.

The 355-pound payload was propelled aloft at 7:06 a.m. by a Thor-Able-Star rocket. The early portion of flight appeared normal as the 79-foot-tall booster streaked swiftly from sight.

However the Defense Department announced about 20 minutes later that preliminary telemetry reports indicate that the Anna satellite had failed to go into orbit. The second-stage ignition was not achieved, it said.

### STUDY SIGNALS

The announcement said records of radio signals from the vehicle were being studied to determine the exact cause of the failure.

Official name of the satellite is Anna, combining the initials of the Army, Navy, National Aeronautics

and Space Administration and Air Force, the participating agencies. The "firefly" nickname derives from four high-intensity xenon gas lights designed to wink on and off at designated times in a space-age mapping experiment.

The flashing beacons—difficult to locate with the naked eye—plus other precise radio, navigation and tracking gear, were to help ground stations calculate with high precision distances on the globe and the general shape of the earth's surface.

### BRILLIANT LIGHT

The blinking lights, with a brilliancy of eight million candle power, were not intended to be triggered initially until about three days after launching. This would give trackers time to determine the satellite's orbital path before conducting any experiments.

The Defense Department took the unusual move Wednesday of announcing that the attempt to launch the satellite would be made Thursday. This was to allow

## MUTUAL FUND SALESMEN'S TRICKS EYED

By FRANK CORMIER

WASHINGTON (AP)—"Tricky techniques" for mutual fund salesmen are being explored at hearings by the Securities and Exchange Commission.

SEC Attorney Meyer Eisenberg quoted at length Wednesday from training manuals outlining tactics which he suggested were quite out of keeping with the high standards professed by the fund industry, one of the fastest growing segments of the securities business.

The SEC is conducting a broad investigation of the entire securities industry.

The sales lessons cited by Eisenberg were taken from training manuals prepared by Kalb, Voorhis & Co., a New York Stock Exchange brokerage firm which specializes in the publication of sales and training aids for mutual fund retailers.

### CALL ON RELATIVE

In one lesson, a novice salesman was urged to call a relative or friend and ask to see him to get advice. It said this should be enough to get him inside the house.

Once on the scene, he was told, he should say he was taking on a new job and wanted practice in trying out his sales presentation. He should ask his relative or

scientists around the world to make observations of the flashing beacons and share in the satellite's measuring.

## Abbottstown

MRS. DELLA BUTT

ABBOTTSTOWN—The Abbottstown 4-H Club met recently at the home of Joanne and Gloria Breighner and elected the following officers: President, Joanne Breighner; vice president, Diane Lillie; secretary-treasurer, Joan Alwine; song leader, Karen Hoffheins; game leader, Sharon Roomsburg; and news reporter, Debra Neff. The project selected was tasty snacks and the club will call itself the Snack-ateers. The next meeting will be held at the home of Doris Neff on June 6 at 1 p.m.

The Lions Club approved the purchase of eye glasses for a needy child and baseball hats for the Little League at its meeting held recently in the Altland House. Plans for a ladies' outing and shrimp party to be held on June 16 were made.

Mrs. David Shuff spent the weekend with Miss Jean Zorick at Pittsburgh.

Harry Moul Jr. and Donald Wildasin spent the weekend with Mr. and Mrs. Homer Slowater, Roanoke, Va. They also attended the Apple Blossom Festival at Winchester.

A family night banquet will be held on Saturday at 6:30 p.m. at St. John's Church in New Chester.

Christian Family Day will be observed at St. John's Lutheran Church on Sunday at 10:30 a.m. when Dr. Gustave Weber, president of Susquehanna University, will speak. Seven o'clock next Saturday morning is the departure time for the bus trip to Baltimore, Washington and Mount Vernon. The trip is by reservation only.

The annual father and son banquet will be held in the parish hall on May 19 at 6:30 o'clock. The Rev. Lester J. Karschner announced that the confirmands are to meet at the church on Sunday at 1:30 p.m. to attend the retreat at Camp

friend to pretend to be a potential customer and ask whatever questions might come to mind during the sales talk.

Once the presentation has been made, the manual suggested, the salesman should say, "The more I think of it, George, the more I think you should invest in mutual funds." And he should go on from there to close the sale.

### MR.-MRS. MEETING

Another suggestion offered retailers by Kalb, Voorhis was to conduct "Mr. and Mrs. meetings" for salesmen and their wives. At such sessions, an array of merchandise—including a mink coat—should be paraded before the audience, complete with price tags. Then the salesmen and their mates should be told how many extra sales would be needed to pay for each article.

"Is this motivation of salesmen consistent with the soft sell or the hard sell?" asked Eisenberg.

Ferdinand Nauheim, a Kalb, Voorhis partner, replied that the purpose would be to get salesmen's wives to understand and sympathize with their work because they must necessarily be away from home a great deal during the evening, which could cause resentment.

## SAY U.S. FIRM PRINTED RED PROPAGANDA

WASHINGTON (AP)—A publishing firm headed by a native of Chester, Pa., has been accused by the House Committee on Un-American Activities of receiving more than \$240,000 by the Soviet embassy for printing nearly three-quarters of a million Soviet books and pamphlets.

The committee said the payments were made since September 1959 to Crosscurrents Press Inc. of New York. Its president, Myron E. Sharpe, 33, born in Chester and a graduate of Swarthmore high school and college, cited the 5th amendment more than 100 times in declining to answer committee questions about his operations.

### IS SOLE OWNER

Sharpe spoke to reporters while not under oath. But he declined to say—when asked point blank—if he were a Communist.

"My political views are not a fitting subject for discussion," he said.

He said he is sole owner and stockholder of Crosscurrents Press, which employs eight persons. He said he started publishing Russian translations shortly after the cultural exchange program began with Russia in 1959 "because I believe an exchange of information is necessary to maintain peace in the world."

Sharpe said his salary is "not as much as you would think" from

Nawakwa from 2:30 to 4:30 p.m.

A planning session for the Community Vacation Church School will be held in the United Church of Christ on May 15 at 7:30 p.m. Several members from Abbottstown are participating in the chorus and "Varsity Show" to be presented by the PTA in the New Oxford High School auditorium on Sunday at 8 p.m. Mrs. George Hollinger has written and is directing a skit depicting a school board meeting of 50 years ago. The cast includes: Faber Wildasin, Richard Bennett, Arthur Diehl, Bernard Anthony and the Rev. L. J. Karschner.

## Mother's Day Recognized By Churches In A Greater Degree

By JULES LOH  
AP Staff Writer

Anna Jarvis were alive today she might see some hope for Mother's Day after all. There are signs the annual observance is taking on some of the religious flavor Anna had in mind when she thought up the idea.

Mounting commercialization of Mother's Day left Anna Jarvis, ironically, without sympathy for the cause she created when she lay on her deathbed in 1948, blind, deaf and penniless.

Commercialization is more widespread than ever before—the estimate for this year is that sales will top \$1 billion—but manifestations of the religious significance of the day also are apparent.

### CHURCH HONORS

The American Mothers Committee, the organization which selects the mother of the year, reports churches throughout the land are paying increasingly more attention to Mother's Day with special services and sermons. A number of firms which sell religious goods say they are beginning, at least, to share in the billion dollar bonanza.

The idea for an annual Mother's Day was born in a church house, and to Anna's way of thinking it never should have left it. A plaque on the lawn of Andrews Methodist Church in Grafton, W.Va., tells how it all began.

In post-Civil War days Anna's mother, a Sunday school teacher at the church, used to promote a spring picnic honoring the mothers of the community. The war had turned neighbor against neighbor, just as it had divided the state itself, and Mrs. Jarvis hoped to heal the scars by getting both Union and Confederate veterans to gather with their families for a Mother's Friendly Day.

### MEMORIAL SERVICE

On the second anniversary of her mother's death, May 9, 1907, Anna held memorial services at her home in Philadelphia, then set out on a crusade for a national holiday to honor the nation's mothers.

The following year, and on the second Sunday in May every year thereafter, the Andrews Methodist Church in Grafton has held special Mother's Day services. The Rev. Virgil Gillum, the pastor,

## WOMEN'S ROLE STILL FOUND IN THE HOME

By JOY MILLER  
AP Women's Editor

NEW YORK (AP)—A good-looking psychiatrist named Marie N. Robinson thinks it's high time women were told the truth:

They're different from men. They should be educated differently. Their place is in the home.

When she says this, sometimes educators shudder, men rush up to insist their wives are as good as they are and women inquire coldly if she also favors keeping them barefoot and pregnant.

"To acknowledge the difference in sex roles doesn't mean to put women back in the kitchen," Dr. Robinson argues.

### HOME IN HOME

"But a woman's historical and biological role is in the home. Her job is keeping the tone of that home happy and loving, interpreting members of the family to each other. This is what we women are uniquely designed for."

"A woman who feels deprived if she can't go out to work every day, who says 'I can't do anything, I have four children to take care of' isn't enjoying the rightful role of women. Our contribution is to set the spiritual tone of the household. Let the men go out and make the money."

Slim, brunette Dr. Robinson, wife of a writer and mother of a 15-year-old son, is the author of "The Power of Sexual Surrender," a study of the frigid woman. Besides maintaining a private practice she is active in community health projects and consequently is not one to point a finger at working wives.

### REAL QUESTION

Because a women's major anxiety

will use as Sunday's scripture text the same verse Dr. Harry C. Howard spoke from in 1908: "Woman behold thy son... behold thy mother."

Anna Jarvis' campaign resulted in Congress passing a resolution in 1914, signed by President Woodrow Wilson, proclaiming an annual observance.

But as the commercial importance of the day grew so did Anna's disappointment. Gradually it turned to bitterness and she retreated from the world, rarely leaving her house except to tend her mother's grave. Acquaintances discovered her living in poverty, raised some money and put her in a sanitarium.

Officers of the Alfred University Parents' Association talk with President M. Ellis Drake following their election during the luncheon business meeting on Parents' Day. From left to right are: Jack Pryor or Hornell, Dr. Drake, John Reimer of Gettysburg and Joseph Waitkus of Wellsville. The three men were elected to the executive committee, Pryor and Waitkus representing the Sophomore Class and Reimer the Junior Class.

## SHOW ON BIRTH CONTROL GAVE GOOD PICTURE

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—The basic disagreement in the touchy subject of birth control stems, as commentator Eric Sevareid pointed out Thursday night, from "the differences in the moral attitudes of Catholics and non-Catholics" on the subject.

Controversy notwithstanding, "CBS Reports" Thursday night tackled the subject on a broad front, providing plenty of opportunity for both sides (and some caught in the middle) to express their views. And, while it had no conclusions to make, the program did suggest the time had come for all concerned to sit down together and find a solution.

Without taking sides, the program repeatedly emphasized that "high birth rates go hand in hand with low income." It first considered the situation in Chicago, where controversy flares over an alleged ban on family planning and birth control services in public hospitals and clinics—not forbidden by law. Then, it moved to Connecticut, where an old Anthony Comstock law forbidding the dissemination of such information is currently under attack.

It was a thoughtful, stimulating and level-headed presentation. "PIF, PAF, POF"

Mutual Broadcasting Company's house organ reports that the "snap, crackle, pop" of an American cereal commercial becomes "pif, paf, pof" in France, Italy and Holland, "poks, riks, raks" in Finland and "knisper, knasper, knusper" in Germany.

TV casting plums of the year—the title role in NBC's 90-minute western, "The Virginian" to be seen next season—has been caught by James Drury. The young actor (presumably tall and slim because Gary Cooper played the Owen Wister character in the movies) is so little known that NBC can't find a picture of him.

### WEEKEND TV

Recommended weekend view-

ety is loss of love, Dr. Robinson says, she is more concerned about her home than her job.

"I bring more anxiety to family problems or the kind of dinner I'm going to cook than to my outside work."

There's a crying need for women's colleges to stop turning into men's schools, says Dr. Robinson.

"Instead, some brave school should stand up and say 'women are different, have God-given gifts, and let's see where a woman's pleasure does come from—from chemistry 203 or from keeping the love level high in a family!'"

## Taneytown

MRS. FLORA LEISTER

TANEYTOWN — The Taneytown Junior-Senior High School PTA will meet Monday evening at 8 o'clock in the high school auditorium.

The student council announced that the annual school picnic will be held June 13 at the Big Pipe Creek Park.

Hannah Lippincott was elected president of the student council at a recent election. Others elected were: Vice president, John Shorb; secretary, Paula Brauning; treasurer, Travis Dutterer, and reporter, Donna Hively.

The consolidation of Taneytown Senior High School with the Francis Scott Key School has been delayed for one more year, it was announced by the Carroll County board of education.

Samuel Jenness, superintendent

ing: Tonight — "Yves Montand on Broadway," NBC, 8:30-9:30 Eastern Daylight Time—rerun of a variety hour buried under a three-hour show conflict earlier this season.

Sunday — "Acres and Pains," CBS, 9:30 p.m.—pilot comedy film on country living which may be a series two seasons hence; "Fads and Foibles," NBC, 10-11—Art Carney and Alice Ghostley in a variety hour pegged on the nation's enthusiasms over the years.

The council decided to purchase a new pump for well five

of schools, said that reason for the postponement was that the state has not ruled finally on the appeal by Taneytown residents and sufficient time will be needed for the hiring and placement of teachers.

Jenness emphasized that this does not indicate a change in policy by the county school board.

Bids for street improvement program were awarded to Maltland Brothers, Littlestown, at a bid of \$10,895 by the town council Monday evening at its meeting in the town hall.

Street improvements include: Taney Dr. to be tarred and chipped; John Chenoweth St. to be tarred and chipped; from Nussbaum's Canning Factory to George St. across railroad bridge to Middle St. to be resurfaced; Middle St. to York St. to be resurfaced; Fairview Ave. to be resurfaced.

The storm sewer will be raised; Reformed church alley to be resurfaced; Riffle alley from the end of the cement part to the town parking lot to be resurfaced; Baumgardner Ave. from Kenneth Hawks to E. Baltimore St. to have permanent base laid and to be tarred and chipped.

The street committee said that the ultimate goal for Taneytown is to have all existing streets resurfaced, all alleys tarred and chipped and new streets built in the new developments.

The council decided to purchase a new pump for well five

at a cost of \$2,179 to replace the worn out pump. The old pump, installed in 1945, was capable of pumping only 15 gallons per minute while the new one will pump 50 gallons per minute. The contract was awarded to Stanley King.

Upon recommendation by a chemical company, council decided to put sodium nitrate into the disposal plant system to relieve the problem of odors.

Council decided to adopt a 24-hour parking law in the parking lot at the center of town and to sell the vehicles at public auction which are not moved from the lot in violation of the new law.

Officer Hahn, who has submitted his resignation, reported 47 parking violations, four funerals, two fires and one parking meter broken during the month. The town clerk reported a balance of \$15,251.86 in the general account and \$4,529.21 in the parking meter fund.

KARLSRUHE, Germany (AP)—The West German Supreme Court has sentenced American businessman Harold N. Borger to 2½ years in prison for betraying U.S. military secrets to the Communists.

The court ordered the sentence reduced by the two months and one week order has spent in confinement since his arrest March 3, 1961, in Nurnberg. He was the first American ever to face West Germany's highest court on espionage charges.

## ASK COURT TO DEFER RULING ON DISTRICTS

HARRISBURG (AP)—The state asked Commonwealth Court Thursday to defer any ruling on reapportionment of the state legislature until next year.

At the same time, the state contended that only the governor has the authority to call a special session of the legislature.

The request and the contention were contained in a motion filed with the court by Atty. Gen. David Stahl.

It asked the court to dismiss a suit brought by a Delaware County taxpayer which seeks a judicial order for a special session to reapportion the General Assembly.

Stahl's petition admitted "the need for reapportionment," but contended:

### NOT ENOUGH TIME

"The calling of a special session during the current year would not afford the General Assembly sufficient time to conduct hearings, make findings and adopt comprehensive reapportionment legislation for the holding of the primary and general election in 1963."

The suit challenged by the attorney general—one of four now on file attacking the state's apportionment—was filed last month by Raymond R. Start, Upper Darby, who asked that the present law outlining legislative districts be declared unconstitutional.

## York High Given 2-Year Probation

LANCASTER, Pa. (AP)—William Penn Senior High School of York has been placed on probation for at least two years by the District 3 Committee of the Pennsylvania Interscholastic Athletic Association.

The probation, which went into effect Thursday, means William Penn is suspended from all PIAA basketball playoffs.

The action, taken on a 5-0 vote of the committee, came after Carlisle High School filed a complaint charging that William Penn fans broke windows in a Carlisle bus, resulting in some minor injuries, after a District 3 Class A playoff game between the two schools in Hershey last March 13. Carlisle won the game.

Since the vote of the committee was unanimous, there is no appeal open to the PIAA.

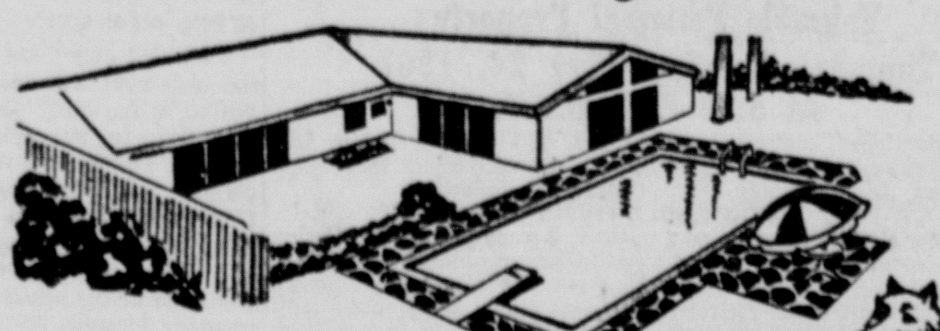

### ENTERS HOSPITAL

HAZLETON, Pa. (AP)—Thomas Kennedy, president of the United Mine Workers of America, entered St. Joseph Hospital for a routine checkup and rest Thursday.

Kennedy was filed last month by Raymond R. Start, Upper Darby, who asked that the present law outlining legislative districts be declared unconstitutional.

A regular session of the general assembly will convene in January, as mandated by the State Constitution.

## Boy Saves Four Children In Blaze; Dies Trying To Save Grandfather Who Perished

WARMINSTER, Pa. (AP)—A 16-year-old boy saved four small children from a pre-dawn fire Thursday then was killed trying to rescue his elderly grandfather who also died.

Fire Chief Elmer Otto said the boy, Alfred Rosanelli Jr., and his grandfather, Albert Harrison, 70, of Warminster, died of smoke inhalation in the blaze which broke out over a fireplace in the living room.

Otto said there were 11 persons in the two-story frame house when the blaze broke out. He said most of them were sleeping.

The fire chief credited Rosanelli with rescuing his two brothers, Stanley 1, and Joseph, 2½, and two other children, Lois Puleo, 8, and Maria Puleo, 5.

Others who escaped were the dead boy's parents, Alfred and Dorothy Rosanelli; Janet Reiner, 19; Carol Demithorne, 23, and Carol's daughter, Pamela, 4.

Otto said he could not immediately determine the relationship of some of the persons in the house.

He said cause of the fire is under investigation.

## SALTY TALK IS ADMITTED BY PRESIDENT

WASHINGTON (AP)—President Kennedy drew laughter from newsmen as he fielded a question about a quote attributed to him that "my father always told me that all businessmen were sons of bitches, but I never believed it till now."

Here's the exchange between a newsmen and the President at Wednesday news conference on the quote, published April 23 by the New York Times:

"Mr. President, at the time of your controversy with the steel industry, you were quoted as making a rather harsh statement about businessmen. I am sure you know which statement I have in mind."

### SLIGHT INACCURACY

"Yes. You would not want to identify it, would you?"

"Would you tell us about it, Mr. President?"

"Would I want to comment on it?"

"Yes."

"Oh, well, the statement which I have seen repeated as it was repeated in one daily paper, is inaccurate. I quote my father as having expressed himself strongly to me, and that in this I quoted what he said, and indicated that he had not been, as he had not been on many other occasions, wholly wrong."

### STEEL MEN ONLY

"Now, the only thing wrong with the statement was that as it appeared in the daily paper it indicated that he was critical of the business community—I think the phrase was 'all businessmen'—That is obviously in error, because he was a businessman himself. He was critical of the steel men, and he'd worked for a steel company himself, and he was involved when he was a member of the Roosevelt administration in the 1937 strike, and he formed an opinion which he imparted to me, and which I found appropriate that evening. But he confined it, and I would confine it."

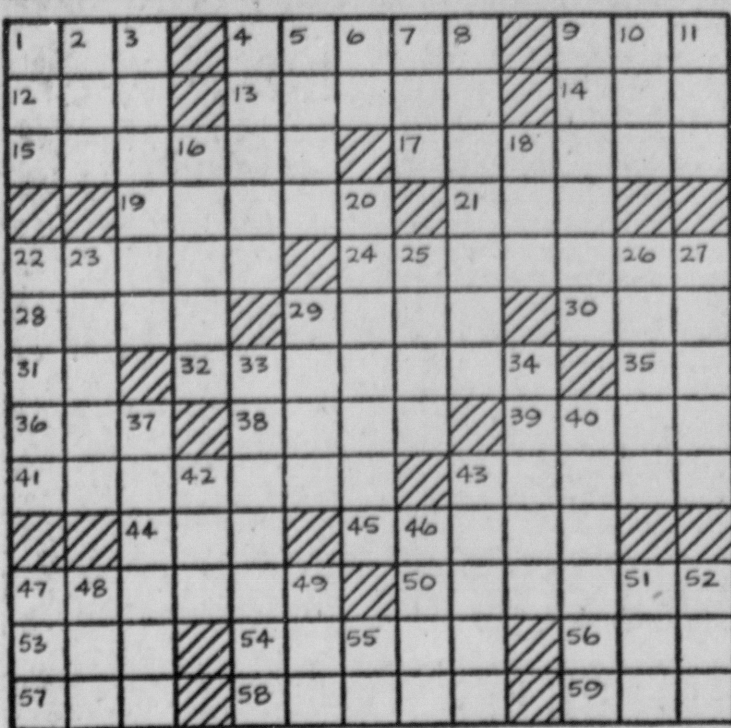

"Obviously these generalizations

will be the elimination of the requirement for a 35-cent deposit on the presently used gallon glass containers."

Uhl said the tentative order was based on testimony received at seven days of hearings in the Pittsburgh area last fall.

The commission order upheld the contention of Country Belle Farmers Cooperative, Pittsburgh, that gallon discount prices should be allowed by quantity sold, not by the size or type of container.

## NURSES HOLD ANNUAL DINNER

The annual banquet in observance of Pennsylvania Nurse Week, the week in which Florence Nightingale's birthday falls, on May 12 was held by the Adams-Franklin-Fulton District of Pennsylvania Nurses Association at the Peace Light Inn May 3.

are inaccurate and unfair, and he has been a businessman, and the business system has been very generous to him. But I felt at that time that we had not been treated altogether with frankness, and therefore I thought that his view had merit. But that is past. That's past. Now we are working together, I hope."

What part the father, Joseph P. Kennedy, played in the steel crisis of 1937 is not clear. He was an intimate of President Roosevelt, who appointed him in that year to be ambassador to London.

Joseph Kennedy apparently worked behind the scenes to try to bring the government, labor and management together.

Approximately 80 members and guests were served a baked ham dinner. Mrs. Josephine Delp, assistant director of nursing services, Warner Hospital, was toastmistress for the occasion. Greetings were brought by Mrs. Virginia Myers, Chambersburg, the district president. She told the story of the "Lady with the Lamp," Florence Nightingale, and discussed nursing as a career.

Entertainment was provided by the TV personality "Fannie Schultz," Miss Elizabeth Eisenhart, York, who gave monologue "Trip to the City," "For Their Golden Wedding Anniversary" and "Pills, Pills, Pills!" with song.

Mrs. Delp introduced the area director, Mrs. Anna Liebfried, York, who congratulated the district on the 43 per cent increase in membership in 1961. Guests were introduced.

Special recognition of accomplishments of the past year was in charge of Mrs. Catharine Groff, Littlestown. A basket decorated with ribbons and spring flowers was passed to the following honored guests, who cut off a flower that had attached a gift

and a bit of verse: Mrs. Anna Liebfried, area director, York; Mrs. Virginia Myers, president, Chambersburg; Mrs. Frances Eckenrode, treasurer, Chambersburg; Mrs. Anne Gibboney, Chambersburg, for serving as a member of state public relations committee of PNA; Mrs. Lillian Wagaman, Fannettsburg, for outstanding leadership as chairman on Civil Defense committee; Miss Gertrude Brunner, Chambersburg, for making the program covers

and the banquet favors: Mrs. Josephine Delp, Biglerville, co-editor of AFF Newsflashes; Miss Jean Anthony, Littlestown, for special favors to the editors; Miss Anne Merrow, Gettysburg, an active private duty nurse who has given over 40 years of service to nursing, and Miss Maybelle Ridinger, Gettysburg, honored as a registered nurse who has given over 35 years to nursing service. Mrs. Delp presented Mrs. Groff a gift for serving faithfully as

secretary and as coeditor of the AFF Newsflashes, sent monthly to all members.

The door prize, a floral table arrangement, was received by Miss Mary Wagner, New Oxford. Mrs. Delp closed the evening with a reading "The Nurse, Then and Now."

Tom Peckham, Michigan State high jumper and hurdler, won a Michigan regional wrestling title while at Farmington High School.

## 12-YEAR-OLD IS ACTIVE IN STOCK MARKET

By BOB HARING

TULSA, Okla. (AP)—Like many other stockholders, Pete Harpster is behind in a falling market. But Pete—who's only 12—figures to hold on for a recovery.

Pete has been trading in stocks since he was eight years old. His parents got him started with five shares of El Paso Natural Gas Co. Now they let him trade as he wishes—with the advice of his broker.

What does he think is behind the stock market decline, which sent prices tumbling again Thursday and dropped the Dow-Jones averages by 7.47?

### SCARED INVESTORS

"President Kennedy," he replied.

Pete explained he thinks President Kennedy frightened investors by forcing the steel industry to rescind its recent price increase. Stockholders are selling out as a result, he said.

Pete hasn't sold and doesn't plan to, although he's behind more than \$9 on his \$336 portfolio. "I'm waiting for a recovery," he said.

### IS CONFIDENT

He is confident of an eventual recovery, but cautious about forecasting when. Is now a good time to buy, then? "I'd wait for a little while," Pete said. "It should go down further."

Pete scans reports which his father, an accountant, brings home for him, but trading is strictly up to the sixth grader.

Pete's worst loss has been a 34-a-share fall in a space stock. A recent purchase of a gas and electric company bolstered his overall position, though.

"It's what's keeping me alive," he said.

## 1st Qualifying Race On Saturday

INDIANAPOLIS (AP)—They

possibility that somebody will travel the 2½ miles around old Indianapolis Motor Speedway in one minute flat is expected to attract upward of 100,000 speed fans Saturday to the first qualifying session for the 46th 500-mile race May 30.

Parnelli Jones of Torrance, Calif., king of the high-banked half-mile tracks, has missed the first 150-mile-an-hour lap by only 12-100 of a second in practice. His speed on the unofficial run was 149.701 against the two-year-old official record of 149.610 by Jim Hurtubise, Lennox, Calif.

Cars qualifying Saturday will hold their positions in the starting lineup, regardless of speeds made in other qualifying runs Sunday and the following weekend. However, the 33 fastest cars over all will make up the field.

## JUDGES FAVOR INVESTIGATION

PITTSBURGH (AP)—Five of seven Western Pennsylvania judges, polled by the Pittsburgh Post-Gazette say they favor a state investigation of conditions at the Allegheny County Workhouse.

Their comments were revealed Thursday, a day after four Republican assemblymen from Allegheny County called for a probe into charges of inmate favoritism and petty bribery at the institution.

Atty. Gen. David Stahl said in Harrisburg that serious consideration is being given their request for an investigation.

Judge Robert E. McCreary of Beaver County commented, "An investigation by the Department of Justice is warranted."

Judge J. Frank Gradd of Armstrong County said, "The Department of Justice at least should look into the situation . . . and determine if an official investigation is warranted."

Judge David H. Weiss of Westmoreland County remarked, "I can't see any harm in the Department of Justice looking into the situation."

Expressing similar views were Judge Herman M. Rodgers and Judge Robert M. Morris, who suggested that "an impartial group should investigate the situation."

Judge Burton R. Lamb of Erie County and Judge Clyde S. Shumaker of Butler County expressed no opinion.

Counties other than Allegheny paid a total of \$223,389 to the Workhouse for prisoner care in 1960.

## MODERN "LIT" BEING URGED

PROVIDENCE, R.I. (AP)—A Harvard professor says it is a shame more modern literature isn't read in high school classes.

Dr. Edwin Sauer suggested Thursday night that parents get together with teachers and form committees to prepare the community for the use of realistic books by the better modern authors.

The trouble is, he told the spring conference of the Rhode Island Council of Teachers, "In modern literature what's clean is not clear and what's clear is not clean."

Dr. Sauer, an associate professor at the Harvard School of Education, said high school students were capable of handling literature of great maturity.

### WILL REACT

"If they are expected to react like adults to realistic literature, they will," he said. "Teachers should learn how to teach such literature."

Since practically all of modern literature is quite realistic, he said, students are being deprived of a wealth of learning material by being protected from it.

Of the six Americans who have won the Nobel Prize for literature, all except Pearl Buck are

taboo in the classroom, he said, the absence of such authors as Ernest Hemingway, Sinclair Lewis, Eugene O'Neill, William Faulkner and T. S. Eliot represents "a serious cultural lag," he contended.

## HOLD INQUIRY WITHIN MONTH ON FINANCIER

By G. MILTON KELLY

WASHINGTON (AP)—Senate investigators said today they hope to launch within a month their public hearings on Texas financier Billie Sol Estes and his dealings with government officials.

The wide scale inquiry by the Senate Investigations subcommittee is laden with potential political dynamite.

The subcommittee has more than a dozen agents in the field now trying to sift fact from fiction in tracing Estes' financial manipulations. Chairman John L. McClellan, D-Ark., maintained silence on details of what they are finding.

The subcommittee seeks to learn whether influence in Washington helped Estes to run up a fortune under the government's farm program.

### HUGE PROFITS

A Texas court of inquiry has turned up evidence that Estes profited hugely on government grain storage contracts, some unusual manipulations of cotton acreage allotments, fertilizer sales and other areas of the program designed to bolster the agricultural industry.

A federal grand jury indicted Estes for fraud in connection with chattel mortgages he was charged with selling on nonexistent fertilizer tanks. The department has canceled his 1961 marketing allotments and levied \$354,162 in marketing penalties against him for alleged illegal dealings in cotton acreage allotments.

The names of several Congress members and officials of the Agriculture and Labor departments have bobbed up publicly in the course of the various investigations of Estes. Four grand juries in Texas are investigating him now, and the House subcommittee on interdepartmental relations said it may start an investigation next week. Its authority is far more restricted than is McClellan's group.

McClellan announced Thursday that while aides are investigating Estes, the subcommittee will resume Tuesday its interrupted hearings on alleged pyramiding of profits on government contracts for the design and manufacture of missiles.

## Mickey Wright Is Tourney Leader

MONTGOMERY, Ala. (AP)—Mickey Wright can win the Women's Western Open Golf Tournament, which she leads by one stroke, the long-driving blonde will be thinking in terms of a grand slam.

The Western, the Titleholders at Augusta, Ga., the Ladies PGA Championship and the Open are the "big four" of women's golf. Miss Wright already has won the Titleholders. She almost made a slam last year, winning all except the Western.

The 27-year-old Dallas, Tex., competitor fired a 3-under par 69 in Thursday's opening round for a one stroke lead over the defending champion, Mary Lena Faulk of Sea Island, Ga.

ture, all except Pearl Buck are taboo in the classroom, he said, the absence of such authors as Ernest Hemingway, Sinclair Lewis, Eugene O'Neill, William Faulkner and T. S. Eliot represents "a serious cultural lag," he contended.

## Suggest Vaccines For Common Colds

CHICAGO (AP)—Medical research into the common cold has progressed to the point where efforts can be made to develop an effective vaccine, medical scientists have reported.

In an article in the Journal of the American Medical Association, a group of Philadelphia researchers said a virus called corynavirus causes cold symptoms in a fairly large percentage of sufferers.

This new discovery coupled with knowledge of other cold inducing viruses "permits intelligent selection of virus strains for vaccines which, if successful, may control a reasonable portion of the respiratory diseases spectrum," the journal article said.

## NINE KILLED IN TOLEDO BLAST

By CLETE JONES

TOLEDO, Ohio (AP)—A chemical plant exploded with devastating force near downtown Toledo Thursday, killing at least nine persons and spewing wreckage over a five-block area.

The explosion and subsequent fire injured 41 persons and left one employee of the Maumee Chemical Co. unaccounted for. Firemen discovered five of the dead as they dug through the charred debris of the three-story plant Thursday night.

Great clouds of multicolored smoke rolled over the city as chemicals in the plant burned. Streets were littered with glass from windows shattered by the force of the explosion.

"I'm damned lucky to be alive," commented Wilfred C. Lauer, manager of a grocery store across the street from the plant. The plant was located on the east bank of the Maumee River. The downtown area is on the west bank, less than a quarter mile away.

Lauer said there was a terrific explosion. "The building just collapsed," he added.

In a nearby office building, Charles Bugley, 73, said the blast "just lifted me up. For a minute or two I couldn't breathe."

The blast could have been caused by a lot of things, said R. H. Baldwin, company chief engineer. "We may never know."

Officials declined to estimate the amount of damage.

## Intent Letters Are Conference Issue

WACO, Tex. (AP)—A proposal for an agreement among the major conferences of the country to recognize each other's letters of intent will be taken before the Southwest Conference today.

It is a substitute for the plan of a national letter of intent that has met with failure in the NCAA.

Dr. J. William Davis of Texas Tech, who tried to get a national letter of intent, but decided it would never be accepted, particularly the small colleges and the Ivy League, is chairman of the committee taking the new proposal to the major conferences.

Dr. Davis, a member of the SWC faculty committee, said that the Atlantic Coast Conference already had agreed to it and that the other conferences would be taking it up at their spring meetings.

It will be an agreement among the major conferences that they will recognize each other's letters of intent—meaning that when an athlete signs with one school he cannot be sought by any other school.

## INDIANS MEET YANKS HEAD ON IN BIG TEST

By JIM HACKLEMAN

Associated Press Sports Writer  
Fresh from a successful road trip and with first place in their sights, the Cleveland Indians now go for broke in a four-game series with the New York Yankees that could prove the most telling of the young American League season.

Sparked by rookie outfielder Ty Cline, the Indians rapped Minnesota 9-4 Thursday and inched to within 1½ games of the front-running Yankees, who had the day off. That was the Tribe's fifth victory in its last seven games.

Cline had a pair of two-run singles as the Indians roared away from the Twins with four runs in the fourth inning and four more in the fifth, and also chipped in with another single in Cleveland's 13-hit offensive.

### OTHER GAMES

Jim Perry survived an early shelling and went the distance for the Indians, allowing eight hits.

Also in the AL, Early Wynn registered pitching victory No. 294 as the Chicago White Sox beat Washington 3-1, Los Angeles downed Detroit 6-4, Baltimore beat Kansas City 5-2. Boston, like the Yankees, took the day off.

Thursday against the Twins, Perry got bombed for homers by the first two men he faced, Lennie Green and Vic Power, and fell behind 3-0 when Green doubled in another run in the second. But the Indians rocked loser Don Lee, Georges Maranda and Ted Sadowski for their four-run bursts in the fourth and fifth, making it a breeze for Perry the rest of the way.

Wynn (2-1) checked the Senators on seven hits and was two outs away from the 47th shutout of his 22-year big league career when doubled by Dale Long and Gene Woodling produced the Washington run. The White Sox broke a scoreless tie with two runs off Bennie Daniels in the sixth and got another run on Al Smith's homer in the eighth.

Ryne Duren, making the fourth save in his last five appearances, stifled the Tigers on just one hit over the final three innings in preserving the victory for Jack Spring and the Angels. Detroit powered to a 4-3 edge in the fifth when Jake Wooten smacked a three-run homer and Al Kaline hit his 10th.

But Billy Moran's triple and a single by Leon Wagner tied it in the bottom of the fifth, and Albie Pearson's sacrifice fly brought in the winner in the sixth. Doug Gailagher was the loser.

Supported by homers from Jim Gentile and Charley Lau, Chuck Estrada and Hoyt Wilhelm fanned Kansas City batters down the stretch as the Orioles overcame the A's. Jerry Walker was the loser.

### To Hold Hearings On Boxing Inquiry

NEW YORK (AP)—A joint legislative committee investigating boxing—which could conceivably put an end to the sport in New York State—will begin public hearings here May 21.

The committee said the hearings in New York City will deal first with the welterweight championship fight between Emile Griffith and Benny (Kid) Paret in Madison Square Garden, in which Paret sustained fatal injuries.

Assemblyman Howard H. Plumadore, Republican from Saratoga Lake who announced the dates Thursday, declined to say, however, who would be subpoenaed. "We'll name names at the hearings," he said.

# MYSTERIOUS OBJECTS IN SPACE SHOWN

SEATTLE, Wash. (AP)—Test pilot Joe Walker says film taken during his recent flight in the rocket-powered X15 experimental plane to a record height of 246,700 feet showed five or six mysterious objects.

It was the third report of unexplained object at high altitudes. American astronaut John H. Glenn Jr., and Soviet cosmonaut Gherman Titov reported sighting strange objects during orbital flights around the earth.

Walker, a pilot for the National Aeronautics and Space Administration, made the disclosure at the National Conference on Peaceful Uses of Space Thursday. He was one of an eight-man panel of American space explorers discussing experimental flights. Glenn also was on the panel.

## AT TOP OF ARC

Walker said the film was from a camera mounted on the fuselage of the X15 and pointed toward the rear. He said the objects appeared as the plane arced over the top of its flight and headed for earth.

"I don't feel like speculating about the nature of these objects," Walker said. "All I know is what appeared on the film in later study. I saw nothing myself during the flight of this nature."

"From what we can tell, they seemed to be disc-shaped, or perhaps even cylindrical. But it's impossible to estimate their size or their distance from the camera."

## TITOV TOO

Glenn, who reported seeing firefly-like objects during his three orbits was questioned about reports that they might have been condensed crystals of water vapor from his capsule—snowflakes.

"I don't feel they were snowflakes, or paint peeling off the outside of the capsule," he replied. "I don't feel they originated from the capsule at all, because some of them were coming toward me."

Titov has said he noticed something like fireflies during his 17 orbits. He said he saw them first from the booster and then from the retro rockets.

## REPORT WIVES INVOLVED IN TEXAS FRAUD

By G. MILTON KELLY

WASHINGTON (AP) — Senate investigators were reported today exploring stories that some Washington politicians or their wives held financial interests in firms which profited from dealings with Texas financier Billie Sol Estes.

They also have received reports that the taxpayers paid some hefty and unnecessary freight bills for shipping government-owned grain by unusual routes to storage elevators in Texas owned by Estes.

The reports from Texas said the grain could have been shipped at far less cost to grain elevators owned by others who sought and failed to get the business.

These are just two angles the Senate investigations subcommittee is exploring in its efforts to find out how the Pecans man amassed a fortune at the age of 37.

### ESTES INDICTED

Estes was indicted last month by a federal grand jury for fraud in connection with chattel mortgages he was charged with selling on nonexistent fertilizer tanks.

His troubles mounted Wednesday when the government slapped him with \$554,162 in marketing penalties for alleged illegal dealings in cotton acreage allotments. Estes has declared himself bankrupt and his creditors face heavy losses.

Sen. Karl E. Mundt, R-S.D., senior Republican member of the investigations subcommittee, confirmed reports that its staff is sifting through subpoenaed documents which should confirm or explode stories that political fig-

ures profited from investments in companies which had dealings with Estes.

### NEEDS EXPLAINING

Mundt said Secretary of Agriculture Orville L. Freeman will have a lot of explaining to do as a witness in the subcommittee's hearings. He said Freeman's denials that Estes received favored treatment from the Agriculture Department are in bold contrast to evidence.

Mundt said evidence produced already in a Texas court of inquiry shows Estes was required to post only 2 cents a bushel bond for millions of bushels of government grain stored in his facilities, while competing firms had to put up 12 cents a bushel. "This certainly is favoritism," Mundt said.

Mundt said he expects the subcommittee will demand some light on how Estes, after having been assessed \$45,000 penalties by the Agriculture Department on earlier challenges of his operations, was appointed by the Kennedy administration to the National Cotton Advisory Committee.

Mundt said he figured this could only have resulted from influence high up and he wants to know who exerted it.

In a separate interview Sen. Allen J. Ellender, D-La., chairman of the Senate Agriculture Committee, said he believes the investigation may show lax administration at lower echelons. But, Ellender said: "I believe Freeman has clean skirts in this situation. When he found there was something wrong he called in the FBI, just as he should do."

ORAN, Algeria (AP) — Secret army terrorists lashed out at Moslem women on the streets of Oran and Algiers Thursday killing nine of them by noon. In addition, a Moslem woman and a 12-year-old Moslem girl were injured.

## Nixon's Daughter Elected V. President

BEVERLY HILLS, Calif. (AP) — Richard M. Nixon's daughter, Julie, almost got batted out of the running for ninth grade vice president.

Julie, 14, was watching a softball game at the private girls' school she attends when the batter swung wildly and hit her in the head. A doctor ordered her to spend the week in bed.

But Julie, nursing a lump on the head and two black eyes, refused to be counted out of the election. She wrote her campaign speech at home and had a chum, Diane Brewer, read the talk at school Wednesday.

The ninth graders promptly elected Julie vice president. Julie is the younger of Nixon's two teen-age daughters.

When your family goes vacationing this summer, do try the special foods of the region you visit! The Junior Choir will rehearse this evening at 7 o'clock. The Mission Study of the ULCW will be held May 16 in Fellowship Hall. It will be preceded by a covered dish supper at 6:30 o'clock. ### 7TH NUCLEAR SHOT

WASHINGTON (AP)—The United States has exploded the seventh nuclear burst in its current mid-Pacific test series.

A terse announcement described Wednesday's blast, the second in two days, as in the intermediate yield range—with an explosive force equivalent to 20,000 to a million tons of TNT.

The device was dropped from an airplane near Christmas Island in what was reportedly a research and evaluation test.

WILMETTE, Ill. (AP) — Dr. James W. Ford, 73, noted pioneer in orthodontics who practiced his profession for 40 years to his retirement in 1959, died Wednesday.

PONTIAC, Mich. (AP) — Joe Haas, 85, Pontiac Press columnist and known as Michigan's oldest active newspaperman, died Wednesday. He joined the Press in 1944 after sale of his own weekly, and wrote a daily column called "Man About Town."
